

"Nothing About Us Without Us!"

Neurodiversity, Disability Activism, and the Union

.....

Join the CSUEU and the Paul K. Longmore Institute on Disability for a virtual event. Open to all: students, staff, faculty, and friends!

Together, we'll explore

- What is the neurodiversity movement?
 - What struggles and values do neurodiversity and union activists share? What can they learn from one another?
 - How can we become union disability activists?
